Thermal Analysis Consumables

Instrument Specialists, Inc. provides parts and supplies for existing thermal analyzers with significant cost savings on 100 percent compatible parts for TA Instruments, Perkin Elmer, Dupont, Rheometrics, PL, and Omnitherm. From sample pans, lids, thermocouples, quartz work, heaters, rebuilt furnaces, auto gas selector units, module switching boxes, electronic assemblies, balance arms, and entire cell assemblies. We provide it all.

Find out more and order items online from our thermal analysis web store at
